Who is Chakra The Invincible?

Raju Rai lives in Mumbai and takes on a part-time job assisting the eccentric and strange scientist, Dr. Singh. Raju puts on a highly experimental prototype suit created by Dr. Singh that is designed to activate the points of energy in the body called chakras, giving Raju amazing superpowers and turning him into Mumbai's superhero protector - **CHAKRA THE INVINCIBLE!**

Leela is Raju's neighbor and best frenemy. She loves to tease Raju, but is also the closest friend he has. Apart from Dr. Singh, she is the only one who knows the secret of Raju's superhero alter ego as Chakra! Leela is also the superhero *Mighty Girl* and has super-speed and super-strength!

STAN LEE and SHARAD DEVARAJAN present:
